センシティブLOVE 28P

夜のバーで出逢った年上の男
なし崩しに関係は始まったけど
相手の気持ちが見えなくて…

A relationship with an older man who I met at night in a bar, just began. A relation without pay back, I can't see his true feelings...

富士山ひょうた

After this, we meet only to sleep together.
Are you coming today?
Win
If it wasn't like that my "win" would be "my lost"
smirk
Sorry for make you wait
Today is my win... maybe?
Etou-kun
You don't know it, right? That kinda my heart, I'm making a bet...

ah..?
You always were working at nights
Then the set with hot coffee
Still ok to order from menu?
Excuse me sir your order please
yes
so it will be the set with hot coffee
Here you are the menu
He was walking around in the my home

That's what he told me.

"I'm surprised you remember me" I told him

"Because I thought you had a pretty face"

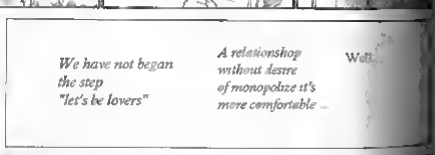
But when I got to University, in Spring holidays, I got to work also at cafe time and doing shifts

The first work in the shop was always a part time at night

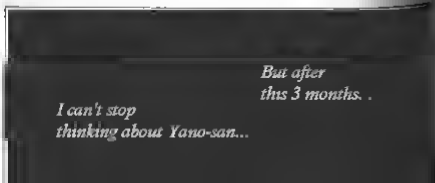
The beginning of this relationship was 3 months ago approx

Then for a time we just told us our names...
I don't know what kind of trade we did but we ended in this relationship
Ah !
Yano-san wai ti
Eeea-kun
Your body is running away
Nn !
Ah !
Aah!!
You're leaving already?
yeah, tomorrow I have classes early...
Is that so.
I thought you would drink something, so I brought you this
ah
I take it
I take it

This is "the so called"
We are just "Sex friends" isn't it?
We exchanged email addresses
But before I get a reply, Yano-san shows up in the shop and I miss my turn



We have not began the step "let's be lovers"
A relationshop without desire of monopolize it's more comfortable ...
Well...



But after thus 3 months. .
I can't stop thinking about Yano-san...

N
Thank you
I'm going while drinking it

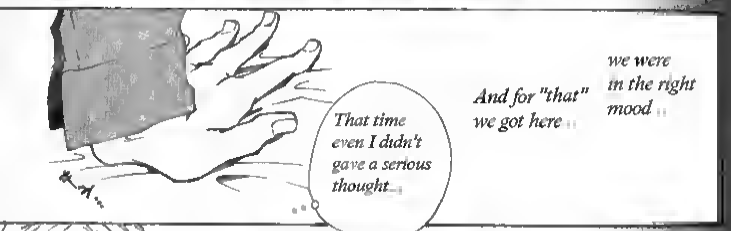
Buta means fat or fatty "...
"Buu" fits him better
It's Fuu
"Fuu"
"Butan" too bye bye

To meet and decide a date, Yano-san just come to the shop and one of us rise the voice That's settled.
It's not that is an excuse If one of us has a problem meeting here make the relation longer...
yes... At the shop
So then, see you...

Uh
Wah!
email?"
pacha
It can't be that he's late...
I don't have the right to ask him the reason...
what wind is blowing now ?
eh?
wait... what's this?
need to see you right now. After Part time if you want to I have to talk with you
Yano-san
Yano-san? that. &
I've just read your email
ash Etou-kun Can you come right now?
I want to ask you for something
eh?
a request?
he's not coming
It's not only that what I think.
I guess it would be better if I try talking to Yano-san
He always come two times in a week...
I'll be taking my leave first
Good work!

It's ok
As a thank you I'll buy you some souvenir
Take care of the cat during your business trip?
I'll give you a spare key so you can look after him while I'm not here.
It's planned I'll be 5 days out
Yeah
No problem
So with this...
While Yano-san is not here can I use the room as I please?
Yes
It was decided suddenly for tomorrow so can I count on you?
"I need to see you..."
...was for this favor?
I got it
what to do...
I just don't have a reason to refuse Yano-san request...
To Get happy feeling like he's relying on me
To feel crushed because that's just a bad turn of his circumstances_

The first time I slept with Yano-san
Was in this room



That time even I didn't gave a serious thought...
And for "that" we got here...
we were in the right mood...

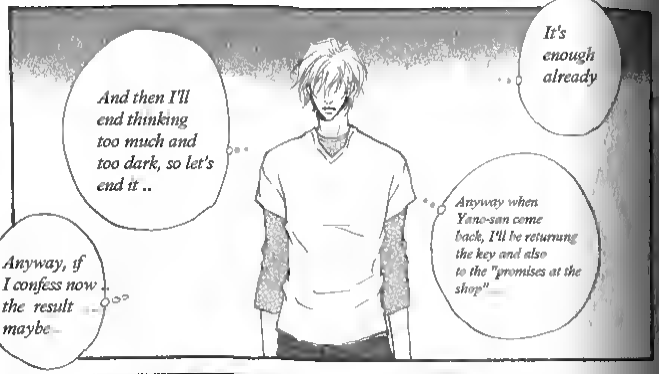
And now even with the owner out, we are in this point...
I was aware of its existence the second time I came here
At that time the cat was still hiding from unknown human presence
ah!! There's a cat!
stares
ah? yes...
The 3 months that passed are really that greatness!
thought
I only come 2 times in a week

Are you hungry right?
It's been so long!

Yo!
Butan!

you really are not on guard with me...

Wa!!
He puked!!
ha?
But it's different when the partner is cat
that look just like us
I needed quite a time to get his trust..
It seems he suffered some bad times
he's very aware of people
I didn't want him to worry over nothing
But even if I wanted to, I was unsure about what kind of conversation I would lead, I just felt so ashamed.
After doing the management I was too lost to send Yano-san a reporting email, so I stopped
すぽん
Let me do!
ah!
I told you to stay still
what's up?
Don't run away



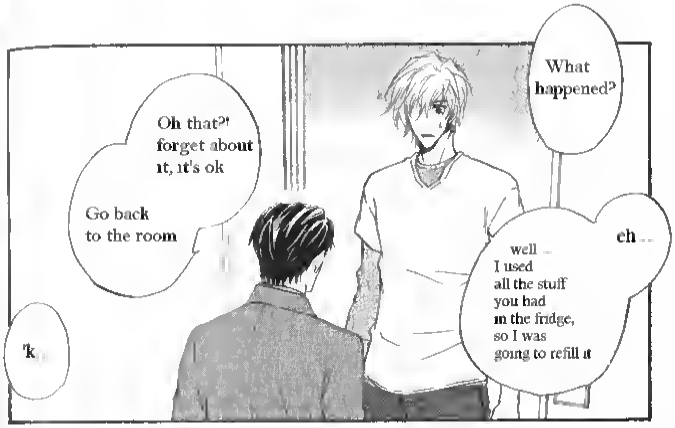
It's enough already
And then I'll end thinking too much and too dark, so let's end it ..
Anyway when Yano-san come back, I'll be returning the key and also to the "promises at the shop"
Anyway, if I confess now the result maybe

Oh?
Eton-kun

It feels like already
Maybe it's better for me to stop it now...

Aah
Today Yano-san was coming back right?
I've finished both drinks and food I need to refill it
Buutan
I'm going to the super market

eh?
Look!!
The key, I'll give it back...
Yano-san you came back, I don't need it anymore.
If you were worried you could just make a phone call...
I won't
I got it
...be coming here anymore



What happened?
Oh that?' forget about it, it's ok
Go back to the room
eh...
well... I used all the stuff you had in the fridge, so I was going to refill it

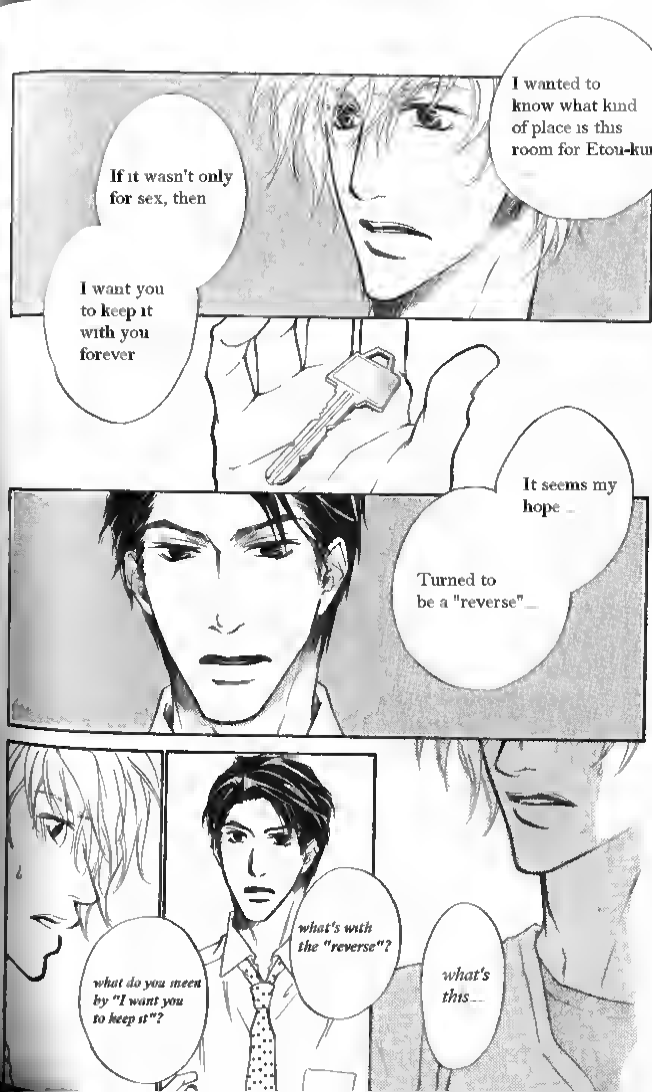
ホッ…

Etou-kun can be that you were here all time?
well...
and Fuu ?
Nothing
Some changes?

I'm angry... *To get all carried away on my own...*

Our 3 months together
were just this...a nice match.

Why?!
Expressly having to keep the promise as the first time at the shop
I thought it would be better to meet in a faster way
What means —you say? Just what I'm telling you
Any kind of "see you off" was ok, right?
Every time we parted away, it was a "see you again at the shop"...
It was not that necessary! to give me a key to keep!
You would just tell me "I want to meet you now"!
" Gu...
For you... it was just a greeting"?
you don't have any idea of how much I felt lost cos of your actions!
That's for both of us!
Then if to Etou-kun was just a greeting...
I was reading too much into it, I guess...



I wanted to know what kind of place is this room for Etou-kun
If it wasn't only for sex, then
I want you to keep it with you forever
It seems my hope...
Turned to be a "reverse"...
what's this...
what's with the "reverse"?
what do you mean by "I want you to keep it"?

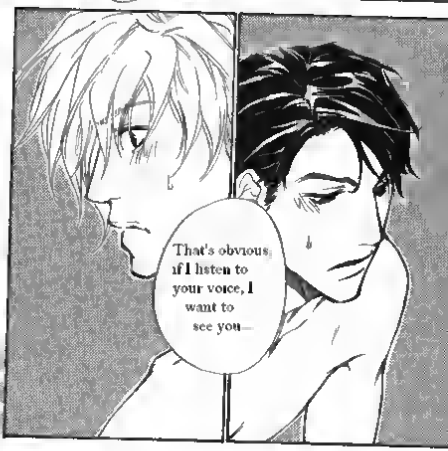
hey.....
The meagre bet I did inside my heart
It was giving me back a coward feelmg
... I love you...

So that is why! I've told you just now!!
you're LATE!!
I can't get you if you don't tell me!!
Yano-san too! if you thought it was serious
Yo didn't look like it was serious!
How I would know it?!
If you say it to me properly again...
I'll be taking that key.

Both of us has been seen throught the other...

The both of us are really showing up our coward aspect...

We don't have to force ourself right?



wai...! Yano-san!

"This" is very embarrassing for me...

...shut up.

NOW THAT THE TRUE FEELINGS ARE BEEN TOLD, WE CAN SAY "LOVE HAS BEGIN" ♡
